Approval of Paid violations

Motion and second to approve paid violations -- approved.

UAMS Skin Cancer Study Presentation

Slide Presentation and discussion on skin cancer, different types of lesions, dangers of tanning beds. Development of video to students in cosmetology schools to train them to recognize abnormal skin lesions in their clients. They are asking for cosmetology school participation in 8-month project with video intervention. Knowledge could save lives. Will report back to committee at end of study.

Education Hour Conversion Table

Discussion of tables -- everything approved except for:

Barber/Cosmetology course conversion table -- motion and second to approve -- approved.

Cosmetology/Aesthetician conversion table -- motion and second to approve -- approved.

Cosmetology/Manicure conversion table -- motion and second to approve -- approved.

Program Updates

Have gotten new tablets to be used for inspectors, loading for electronic inspections.

Violations are down due to fewer inspections. Don't have as many inspectors.

Thanks to inspectors for stepping up.

Looking into mobile salons, don't think they are viable the way the laws are written. It is being researched, and will present findings to committee.

Microblading is being done all over the state. That is regulated by the Permanent Cosmetics.

State Board Exam changes -- recommending every school come to overview. Changes not finalized yet.

Previously licensed salons are now saying they are natural hair salons. Trend will spread. They are not licensed any more. If these salons are not using chemicals, they can't be acted upon, without a written complaint.

Meeting adjourned at 9:30 a.m.
